Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lamoille North Supervisory Union as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Supervisory Union's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Lamoille North Supervisory Union as of June 30, 2020, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information on page 32, the schedule of proportionate share of the net OPEB liability on page 33 and the schedule of the proportionate share of the net OPEB liability on page 34 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lamoille North Supervisory Unions basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

To the School Board Hyde Park, Vermont Page 3

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2020, on our consideration of the Lamoille North Supervisory Union's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lamoille North Supervisory Union's internal control over financial reporting and compliance.

Kittell Branger & Bargut

St. Albans, Vermont November 20, 2020

Our discussion and analysis of Lamoille North Supervisory Union financial performance provides an overview of the Supervisory Union's financial activities for the fiscal year ended June 30, 2020. Please read it in conjunction with the Supervisory Union's financial statements.

Brief Discussion of the Basic Financial Statements:

Using This Annual Report

This annual Report consists of a series of financial statements. The <u>Statement of Net Position</u>, <u>Statement of Activities</u>, and the <u>Balance Sheet–Governmental Funds</u> provide information about the activities of the Supervisory Union as a whole, and present a longer-term view of the Supervisory Union's finances. Fund financial statements such as the <u>Statement of Revenues</u>, <u>Expenditures and Changes in Fund Balance</u> follow under the Notes section of the Report. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Supervisory Union's operations in more detail than the government-wide statements by providing information about the Supervisory Union's most significant funds.

The Supervisory Union Administration is responsible for establishing an accounting and internal control structure designed to ensure that the physical, data, informational, intellectual and human resource assets of the Supervisory Union are protected from loss, theft and misuse, and to ensure that adequate accounting information is maintained and reported in conformity with generally accepted accounting principles (GAAP). Additionally, management strives to ensure that these assets are put to good and effective use. The internal control structure is designed to provide reasonable, but not absolute, assurances that these objectives are attained. The concept of reasonable assurance recognizes that: (1) the cost of any control should not exceed the benefit likely to be derived; (2) the valuation of cost and benefits requires judgments by management.

Reporting the Supervisory Union as a Whole

One of the most important questions asked about the Supervisory Union's finances is, "Is the Supervisory Union as a whole better off or worse off as a result of the year's activities?" The <u>Statement of Net Position</u> and the <u>Statement of Revenues</u>, <u>Expenditures and Changes in Fund Balance</u> report information about the Supervisory Union as a whole and about its activities in a way that helps answer this question. These statements include <u>all</u> assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The <u>Statement of Net Position</u> reports the Supervisory Union's net position and changes thereof. You can think of the Supervisory Union's net position - the difference between assets and liabilities - as one way to measure the Supervisory Union's financial health, or financial position. Over time, increases or decreases in the Supervisory Union's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Supervisory Union's student enrollment and the condition of the Supervisory Union's infrastructure, to assess the overall health of the Supervisory Union.

In the <u>Statement of Net Position</u> and the <u>Statement of Revenues</u>, <u>Expenditures and Changes in Fund</u> <u>Balance</u>, the Supervisory Union's activities are classified solely as governmental activities:

• Governmental activities - The Supervisory Union's basic services are reported here, including: instruction-regular education and special education; supporting education services; operation and maintenance; transportation; and administration. These activities are further broken down between General Fund and Special Revenue.

- General Fund activities These are the basic core management activities of the Supervisory Union, including: curriculum, human resources, student special services and business services. These activities are also supported primarily by member school district assessments.
- Special Revenue activities These are special purpose activities that are supported by grant funds. These activities may support the core mission of the Supervisory Union, but the activities are being provided because other funds are available to pay for them. In most cases, special revenue activities would not be provided if grant funding were not available.

Reporting the Supervisory Union's Most Significant Funds

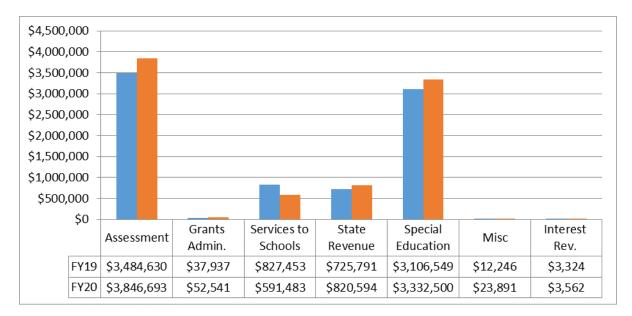

The fund financial statements provide detailed information about the most significant grant funds - not the Supervisory Union as a whole. Some funds are required to be established by State law. However, the Supervisory Union's Board of Directors establish many other funds to help them control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain grants, and other money (like grants received from the U.S. Department of Education). The Supervisory Union uses only one kind of fund - governmental funds.

 Governmental funds - Most of the Supervisory Union's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Supervisory Union's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Supervisory Union's programs. We describe the relationship (or differences) between governmental activities (reported in the <u>Statement of Net Position</u> and the <u>Statement of Revenues, Expenditures and Changes in Fund Balance</u>) and governmental funds in reconciliation at the bottom of the fund financial statements.

Amounts reported for governmental activities in this statement of net position differ from the <u>Statement of</u> <u>Revenues</u>, <u>Expenditures and Changes in Fund Balance</u> because: capital (non-current) assets used in governmental activities are not financial resources and therefore, are deferred in the funds; non-current liabilities - consisting of bonds payable, accrued interest on bonds, capital leases payable, compensated absences, and post employment benefits payable (early retirees) - are not due and payable in the current period and therefore are not reported in the funds. Interfund receivables and payables are reported in the fund statements, but not included in the amounts reported for governmental activities.

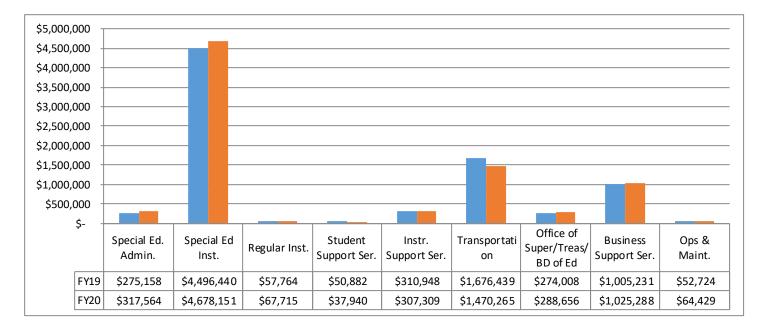

Analysis of Overall Financial Information – General Services – Revenue

General Fund revenues were higher in FY20 than FY19 by \$473,336. This is a result of an increase in State revenues, assessments and grant administration. The loss of transportation and other bill backs to the schools was offset by an increase in special education revenue.

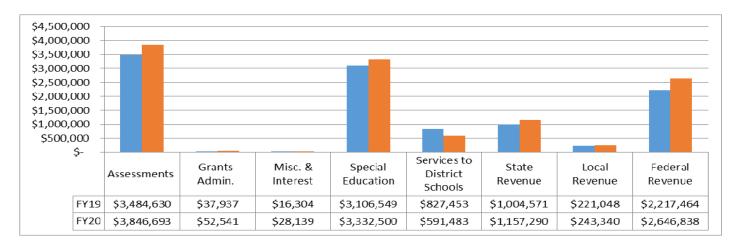

General Services: Expense

General Fund expenditures were slightly higher in FY20 than FY19 by \$57,723 as a result of increases to special education and operations expenses offset by decreases in the billable to school's expenses.

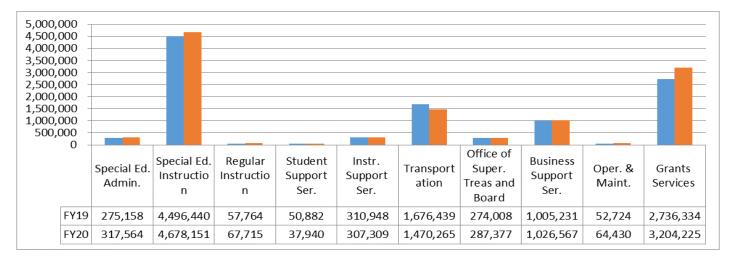

Analysis of Overall Financial Information - All Services: Revenue

Revenues overall were up by \$982,868. In addition to the changes to general services revenue noted above, Federal, State and local grant revenue increases fueled the remaining revenue growth. The following chart reflects differences in overall revenues between fiscal years.

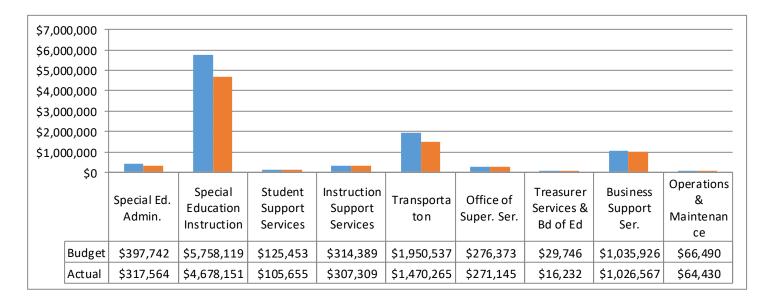

All Services - Expense

Expenses overall were up by \$525,615. In addition to the changes to general services expenses noted above, Federal, State and local grant expense increases fueled the remaining growth. The following chart reflects differences in overall revenues between fiscal years.

Analysis of Budget Variations:

In comparisons of Budget to Actual, all areas of operation came in lower than budgeted. This is very much due to the rapid slowdown of operations and services related to the State's response to COVID-19 from March 2020 through the end of the fiscal year. In addition to ceasing student transportation in March 2020, transportation expenses in general continue to decline due to bus driver shortages. Additionally, Special Education expenses continue to fluctuate due to the nature of special education services in that they are variable as students move in and out of our district and directly affected by a students' Individual Education Plan (IEP) changes. The chart below reflects the FY20 budget to actual variations.

Change in General Fund Balance:

Under Governmental Accounting Standards Board #54, the District is reporting fund balances classified: Restricted, Committed, Assigned, Non-spendable or Unassigned

Fund Balance – 7/1/19	Excess of Expenditures Over Revenue	Fund Balance – 6/30/19
\$872,846	\$437,281	\$1,310,127

The total accumulated fund balance reflects the following:

- \$1,564 Non-spendable Fund Balance Prepaid expenses
- \$92,374 Restricted for Future Special Revenue Fund Grants & GMATV funds
- \$415,000 Committed Fund Balance committed for FY21 expenses
- \$87,008 Committed for HRA and HSA unanticipated expenditures
- \$49,775 Committed for Future Capital Expenditures
- \$664,403 Unassigned fund balance

Capital Assets:

As required under Governmental Accounting Standards Board #34, the Supervisory Union is reporting its capital assets as part of the financial statements. The Supervisory Union maintains historical costs of the various assets owned by the Supervisory Union and applies appropriate charges against the cost to record depreciation. Note 3 of the Report details the status of the Supervisory Union's net capital assets.

	Balance 7/1/19	Increases (Depreciation) of Assets	Retired Assets	Balance 6/30/19
Net Capital Assets	\$102,852	\$219	\$0	\$103,071

Long-Term Debt:

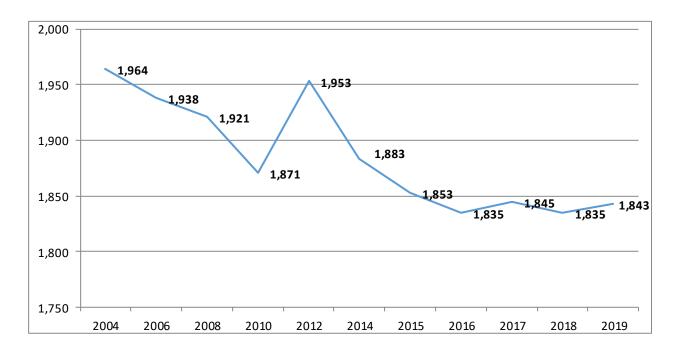

The Lamoille North Supervisory Union (LNSU) has one category of long-term debt, defined as Operating Leases. There is an operating lease for copier equipment of \$691 per month. Total cost of lease plus overages and charges was \$7,844 in 2020. The lease ends in 2022. Note 14 of the Report details the status of the Supervisory Union's Operating Leases.

Retirement Benefits:

The Lamoille North Supervisory Union (LNSU) allows for employer retirement match in 403(b) contributions as well as special sick day benefit pay of unused sick-days upon retirement. Accrued liability at year-end for both combined was \$56,549.

Current Issues:

- <u>Collective Bargaining Agreements</u>: All Collective Bargaining Agreements have been ratified and are set to expire June of 2021.
- Consolidation Efforts [no change since FY19]: Act 153 & Act 156 are provisions in laws that consolidate some functions to the Supervisory Union and offers incentives for districts to consolidate. Some of the consolidation implementations, such as those in special education and transportation took place July 1, 2016. Since Vermont law prohibits supervisory unions from borrowing or owning real estate, some of the more practical approaches to transferring areas of responsibility to the LNSU Have been challenging. Subsequently, the legislature passed Act 46 in May 2015 that provides incentives for consolidation that lowers the tax impact on districts if they voluntarily consolidate as a single district. The LNSU established a committee to look at the possibility and impact of consolidating. A vote of its' citizenry was held on April 12, 2016. The towns of Eden, Belvidere, Johnson and Hyde Park voted to consolidate into one school district. Waterville voted to join the consolidated on April 25, 2017. Cambridge Elementary School District voted to not participate in the consolidation. Non-merging districts have until November 2017 to present an alternative structure that meets the requirements of more sustainable, preferred model of governance under Act 46, to the State Board of Education for approval. On or before June 1, 2019 the Secretary of Education, per Act 46, developed and presented to the State Board of Education a proposed plan to move all remaining [non-merged] districts into the more sustainable, preferred model of governance set forth in Sec. 5(b) of Act 46. On 11/28/18 the State Board of Education issued its final report. However, as the already merged towns of Lamoille North Modified Unified Union School District (LNMUUSD) could not be further compelled to merge, by vote of its citizenry on February 19, 2019, LNMUUSD rejected the full merger of Cambridge Town School District into LNMUUSD. Therefore, the structure of LNSU continues as it was in fiscal 2019.
 - <u>Physical Space</u>: Currently, LNSU rents space from LNMUUSD. The physical space could accommodate 12 staff comfortably, but is currently housing 18 staff. The aforementioned restrictions on supervisory unions, budget constraints and the lack of affordable office space makes relocation in the near future very unlikely.
 - <u>Enrollment</u>: Enrollment has fluctuated over the last sixteen years, as depicted in the graph below, with a high of 1,964 students in Fall 2004 and 1,953 in 2012 and a low of 1,835 students in fall 2018.

Health Care: On March 23, 2010, the Affordable Care Act (ACA) was signed by President Obama to reform and provide wide-spread access to health care. Vermont, through its' Vermont Insurance Exchange (VIE), had accelerated some requirements of the Act, however school districts had some time before they needed to comply with all aspects of the new laws. LNSU and member districts purchase health coverage through the Vermont Education Health Initiative (VEHI) Trust. VEHI is recognized statewide as lower in cost for premiums when measured against comparable plans. Reforms to health care plans, through VEHI, were grandfathered for several years however in FY2019, due to mandated plan structures under the ACA, new plans developed by VEHI will take effect. Under the ACA the new plans developed by VEHI are significantly lower in premium cost than the plans currently in effect, with a corresponding out-ofpocket cost increase. To accommodate the increase in out-of-pocket costs these plans can be paired with a Health Savings Plan or Health Reimbursement Arrangement funded by employees and/or employers. During FY2017 and into FY2019 all school districts across the State have, and are, re-negotiating health benefits as a result of these new plans. Unfortunately, after many vears of single digit increases in health care coverage, and in light of the significantly reduced cost for these new plans, it is expected that increases in double digits will be realized in the coming years. During FY2020 the State negotiated a statewide Public School Employee Health Plan, which goes into effect in January 2021.

Contact for Further Information:

This financial Report is designed to provide citizens, taxpayers, and creditors with a general overview of the Supervisory Union's finances and to reflect the Supervisory Union's accountability for the monies it receives. Questions about this Report or additional financial information needs should be directed to Catherine Gallagher, Superintendent of Schools, 96 Cricket Hill Road, Hyde Park, VT 05655, at 802-851-1174, or at cgallagher@lnsd.org.

Lamoille North Supervisory Union FUND FINANCIAL STATEMENTS BALANCE SHEET - GOVERNMENTAL FUNDS June 30, 2020

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION

Total fund balances - governmental funds	\$	1,310,127
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.		
Capital Assets		484,810
Accumulated Depreciation		(381,739)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of termination benefits and		
accrued vacation.	_	(65,207)
Total net position - governmental activities	<u>\$</u>	1,347,991

Lamoille North Supervisory Union FUND FINANCIAL STATEMENTS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TYPES For the Year Ended June 30, 2020

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES

Total net change in fund balances - governmental funds	\$	437,281
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital Outlay Depreciation Expense		34,665 (34,446)
Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position:		
Decrease in retirement benefits Decrease in accrued vacation		3,024 9,411
Change in net position of governmental activities	<u>\$</u>	449,935

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Lamoille North Supervisory Union is organized under Title 16, Chapter 7, Section 261, of Vermont Statutes Annotated, in "the interest of convenience and efficiency" to provide services to seven School Districts in Vermont: Belvidere, Cambridge, Eden, Hyde Park, Johnson, Waterville and the Lamoille Union High School District #18. All operations of the Supervisory Union are controlled by a twelve-member Board of Directors, all of which are appointed by the School Boards of each member District, and responsible for all of the Supervisory Union's activities. The financial statements include all of the Supervisory Union's operations controlled by the Board of Directors. Based on criteria for determining the reporting entity (separate legal entity and fiscal or financial dependency on other governments), the Supervisory Union is considered to be an independent reporting entity and has no component units.

District-wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the non-fiduciary activities of the Supervisory Union. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expense of a given program is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to students or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Supervisory Union considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, arbitrage rebates, and post-employment healthcare benefits, are recorded only when payment is due.

Assessments and grant revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the Supervisory Union receives cash.

The Supervisory Union reports the following major governmental funds:

- * The special revenue fund accounts for various state and federal grants
- * The general fund is the Supervisory Union's primary operating fund. It accounts for all financial resources of the Supervisory Union, except those required to be accounted for in another fund.

Private-sector standards of accounting, and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Amounts reported as program revenues include 1) fees, rental, material, supplies, or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all interest income and miscellaneous.

Budgetary Data

Budgets are presented on the modified accrual basis of accounting for the general fund. Budgets are not adopted on a Supervisory Union level for the financial funds or the student activities agency fund. All annual appropriations lapse at fiscal year-end with the exception of those indicated as a fund balance reserve. The following procedures are used in establishing the budgetary data reflected in the financial statements.

- * During November of each year, the Supervisory Union Business Manager submits to the Board a proposed operating budget for the next fiscal year commencing July 1st. This budget includes proposed expenditures and the means of financing them. Included also is a final budget for the current year ending June 30th.
- * The budget is voted on by the Lamoille North Supervisory Union Executive Board, in the month of December.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- * Once adopted, the budget can be amended by subsequent Board action. The Board upon recommendation of the Business Manager can approve reductions in appropriations, but increases in appropriations by fund require a public hearing prior to amending the budget. In accordance with Vermont State law, interim adjustments may be made by administrative transfer of money from one appropriation to another within any given fund.
- * Expenditures may not legally exceed budgeted appropriations at the fund level.

Encumbrance accounting is employed in the governmental funds. Encumbrances (e.g., purchase orders and contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

Negative variances in total revenues and the positive variances in total expenditures are largely a result of federal and state program revenues and related expenditures that do not have a direct impact on the undesignated fund balance. Budgets generally assume the expenditure of all available resources. Therefore, when the budget is prepared, it is assumed these funds will not have a carryover of revenue to a subsequent year. Program revenue received but not spent is restricted and deferred to the subsequent fiscal year. As a result, overall fund revenues variances will be negative and overall fund expenditures variances will be positive.

Deposits and Investments

The Supervisory Union's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value. Changes in the fair value of investments are recorded as investment income. The reported value is basically the same as the fair value of the Fund's shares.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., current portion of inter-fund loans) or "advances from/to other funds" (i.e., the non-current portion of inter-fund loans).

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Capital Assets

Capital assets are property owned by the Supervisory Union and include computers, computer equipment, software, and peripherals: equipment such as vehicles, machinery, copiers, and office equipment; buildings and land: and infrastructure such as roads, bridges, tunnels, rights of way, and culverts.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

General capital assets should be capitalized and recorded when all of the following criteria are met:

- (1) The asset is tangible and complete.
- (2) The asset is used in the operation of the Supervisory Union's activities.
- (3) The asset has a value equal to or greater than \$5,000 and a useful life of more than one year, at the date of acquisition

All general capital assets must be recorded at either historical cost or estimated historical cost. Assets acquired through donation will be recorded at their estimated fair market value on the date of donation. In addition to purchase price or construction cost, costs of capitalization may include incidental costs, such as bond interest and issuance cost, insurance during transit, freight, duties, title search, title registration, installation, and breaking-in costs.

The straight line depreciation method will be used with lives as recommended by the Association of School Business Officials (ASBO).

Long-term Obligations

In the district-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable statement of net position.

<u>Assessments</u>

Assessments are due and payable on a quarterly basis. The Supervisory Unions prepares the bills to the member School District's and collects them.

Government-Wide Net Position

Government-wide Net Position are divided into three components:

Net investment in capital assets – consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.

Restricted net position – consists of net position that are restricted by the Supervisory Union's creditors, by enabling legislation, by grantors (both federal and state), and/or by creditors.

Unrestricted – all other net position reported in this category.

When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Restricted – Amounts that can be spent only for specific purposes because of laws, regulations, or externally imposed conditions by grantors or creditors.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Committed – Amounts that can be used only for specific purposes determined by a formal action by the School Board.

Assigned – Amounts that are designated by management for a particular purpose.

Unassigned – All amounts not included in other classifications.

Nonspendable – Amounts that cannot be spent because they are not spendable in form or are legally or contractually required to be maintained intact.

For unrestricted amounts of fund balance, it is the Lamoille North Supervisory Union's policy to use the fund balance in the following order, (1) Committed, (2) Assigned, (3) Unassigned.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 CASH

The cash deposits in the Supervisory Union accounts as of June 30, 2020 consisted of the following:

	_ <u>E</u>	Book Balance	Bank Balance
Insured (FDIC)	\$	250,000	\$ 250,000
Petty Cash		50	-
Collateralized		730,898	1,044,548
TOTAL	\$	980,948	\$1,294,548

The difference between the book balance and the bank balance is due to reconciling items such as deposits in transit and outstanding checks.

NOTE 3 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2020 is as follows:

Governmental Activities:	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets, not being depreciated	<u></u>	<u></u>	<u></u>	<u></u>
Construction in Progress	<u>\$ -</u>	<u>\$</u> -	<u>\$ -</u>	<u>\$ -</u>

Total accumulated depreciation	(347,293)	(34,446)		(381,739)
Total capital assets, being depreciated, net	102,852	219		103,071
Governmental activities capital assets, net	<u>\$ 102,852</u>	<u>\$ 219</u>	<u>\$ -</u>	<u>\$ 103,071</u>

NOTE 4 FUND BALANCES/NET POSITION

Fund Financial Statements:

Nonspendable Fund Balances at June 30, 2020 are as follows:

General Fund: Nonspendable for Prepaid Expenses	<u>\$ 1,564</u>
Committed Fund Balances at June 30, 2020 are as follows:	
General Fund: Committed for FY21 Expenditures Committed for General Local Use	\$ 415,000 <u>49,775</u>
Total Committed Fund Balances	\$ 464,775

NOTE 4	FUND BALANCES/NET POSITION (continued)	
	Special Revenue Fund: Committed for HRA and HSA	\$ 87,008
	Restricted Fund Balances at June 30, 2020 are as follows:	
	Special Revenue Fund: Restricted for Future Special Revenue Expenditures	\$ 92,374
	District-Wide Financial Statements:	
	Restricted Net Position at June 30, 2020 are as follows:	
	Governmental Activities Restricted for Future Special Revenue Expenditures	\$ 92,374
NOTE 5	UNEARNED REVENUE	
	Unearned revenue consists of the following at June 30, 2020.	
	Special Revenue Fund: EPSDT	\$ 140,628

The Medicaid program will reimburse Lamoille North Supervisory Union for services provided to Medicaid eligible special education students.

NOTE 6 DEFINED CONTRIBUTION PLAN

The LNSU Retirement Plan is a defined contribution plan. Employees not participating in the Vermont State Teachers' Retirement Plan, who are at least 21 years of age and have completed one year of service (defined as 1,000 hours of service in a plan year) are eligible to participate in the plan. Employer contributions to the plan are discretionary and allocated among participants as a uniform percent of pay.

Lamoille North Supervisory Union began a new retirement plan on July 1, 2008. Under this new plan, employees hired prior to July 1, 2008 will receive an employer match of up to 4% of eligible wages. Employees hired after July 1, will receive an employer match of up to 3% of eligible employee wages. Covered wages under the plan were \$1,174,397. Contributions by the district during fiscal year June 30, 2020 were \$38,670.

NOTE 7 TEACHERS RETIREMENT

Information Required Under GASB Statement No. 68

Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions requires employers participating in a cost-sharing, multipleemployer defined benefit pension plan to recognize their proportional share of total pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense. The schedules below have been prepared to the Lamoille North Supervisory Union's proportional share of the overall amounts of the Vermont State Teachers' Retirement System (VSTRS) plan. Lamoille North Supervisory Union's proportional share of works proportional share of employer contributions to the total contributions to VSTRS during the fiscal year.

Reporting Date, Measurement Date, and Valuation Date

Net pension liabilities, deferred pension outflows of resources, deferred pension inflows of resources, and pension expense are all presented as of the Lamoille North Supervisory Union's reporting date June 30, 2020 and for the Lamoille North Supervisory Union's reporting period (the year ended June 30, 2020). These amounts are measured as of the measurement date and for the measurement period (the period between the prior and current measurement dates). GASB Statement No. 68 requires that the current measurement date be no earlier than the end of the employer's prior fiscal year. For the reporting date of June 30, 2020, the State has chosen to use the end of the prior fiscal year (June 30, 2019) as the measurement date, and the year ended June 30, 2019 as the measurement period.

The total pension liability is determined by an actuarial valuation performed as of the measurement date, or by the use of update procedures to roll forward to the measurement date amounts from an actuarial valuation as of a date no more than 30 months and 1 day earlier than the employer's most recent fiscal year-end. The State has elected to apply update procedures to roll forward amounts from an actuarial valuation performed as of June 30, 2018, to the measurement date of June 30, 2019.

FY 2019	FY 2018	FY 2017
\$2,163,238	\$2,102,636	\$2,102,581

The schedule of employer allocations and schedule of pension amounts by employer are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The schedules present amounts that are elements of the financial statements of the VSTRS or its participating employers. VSTRS does not issue stand-alone financial reports, but instead are included as part of the State of Vermont's Comprehensive Annual Financial Report (CAFR). The CAFR can be viewed on the State's Department of Finance & Management website at:

http://finance.vermont.gov/reports and publications/cafr

Plan Description

The Vermont State Teachers' Retirement System is a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation. It covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30, 2019, the retirement system consisted of 379 participating employers.

The plan was created in 1947, and is governed by Title 16, V.S.A. Chapter 555.

Management of the plan is vested in the VSTRS Board of Trustees, which consists of the Secretary of Education (ex-officio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

The Pension Plan is divided into the following membership groups:

- Group A for public school teachers employed within the State of Vermont prior to July 1, 1981 and who elected to remain in Group A
- Group C for public school teachers employed within the State of Vermont on or after July 1, 1990, or hired before July 1, 1990 and were a member of Group B at that time

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service, and are summarized below:

NOTE 7 TEACHERS RETIREMENT (continued)

VSTRS	GROUP A	GROUP C - GROUP #1*	Group C - Group #2++
			· · · ·
Normal service retirement	Age 60 or with 30 years of	Age 62 or with 30 years	Age 65 or when the sum of

* Group #1 are members who were within 5 years of normal retirement (age 62 or 30 years of service) on June 30, 2010

++ Group #2 are members who were less than 57 years of age or had less than 25 years of service on June 30, 2010

Members of all groups may qualify for vested deferred allowance, disability allowances and death benefit allowances subject to meeting various eligibility requirements. Benefits are based on AFC and service.

Significant Actuarial Assumptions and Methods

The total pension liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, using the following assumptions:

NOTE 7 TEACHERS RETIREMENT (continued)

Investment rate of return: 7.50%

<u>Salary Increases:</u> Ranging from 3.75% to 9.09%. Representative values of the assumed annual rates of future salary increases are as follows:

	Annual Rate of
Age	Salary Increase
20	9.09%
25	7.78%
30	6.47%
35	5.60%
40	4.92%
45	4.43%
50	4.09%
55	3.85%
60	3.75%

Mortality:

Pre-retirement: 98% of RP-2006 White Collar Employee with generational projection using Scale SSA-2017.

Healthy Post-retirement: 98% of RP-2006 White Collar Annuitant with generational projection using Scale SSA-2017.

Disabled Post-retirement: RP-2006 Disabled Mortality Table with generational projection using Scale SSA-2017.

Inflation: 2.5%

Spouse's Age: Females three years younger than males

<u>Cost-of-Living Adjustments</u>: Assumed to occur on January 1, following one year of retirement at the rate of 2.55% per annum for Group A members and 1.3% for 2019 Group C members.

NOTE 7 TEACHERS RETIREMENT (continued)

Inactive Members: Valuation liability equals 250% of accumulated contributions.

<u>Actuarial Cost Method</u>: Entry age Actuarial Cost Method. Entry Age is the age at date of employment or, if date is unknown, current age minus years of service. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by salary, with Normal Cost determined using the plan of benefits applicable to each participant.

<u>Actuarial Value of Asset</u>: The valulation is based on the market value of assets as of the valuation date, as provided by the System. The System uses an "actuarial value of assets" that differs from market value to gradually reflect year-to-year changes in the market value of assets in determining the contribution requirements.

Long-term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building-block method is which best- estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of June 30, 2020 are summarized in the following table:

		Long-Term Expected
Asset Class	Target Asset Allocation	Real Rate of Return
Global Equity	29.00%	6.90%
US Equity- Large Cap	4.00%	5.94%
US Equity - Small/Mid Cap	3.00%	6.72%
Non-US Equity- Large Cap	5.00%	6.81%
Non-US Equity - Small Cap	2.00%	7.31%
Emerging Markets Debt	4.00%	4.26%
Core Bond	14.00%	1.79%
Non-Core Bond	6.00%	3.22%
Short Quality Credit	5.00%	1.81%
Private Credit	5.00%	6.00%
US TIPS	3.00%	1.45%
Core Real Estate	5.00%	4.26%
Non-Core Real Estate	3.00%	5.76%
Private Equity	10.00%	10.84%
Infrastructure/Farmland	2.00%	4.89%

NOTE 7 TEACHERS RETIREMENT (continued)

Discount rate

The discount rate used to measure the total pension liability was 7.50%. In accordance with paragraph 29 of GASB 68, professional judgement was applied to determine that the System's projected fiduciary net position exceeds projected benefit payments for current active and inactive members for all years. The analysis was based on the expectation that employers will contribute to contribute at the rates set by the Board, which exceed the actuarially determined contribution, which is compromised on an employer normal cost payment and a payment to reduce the unfunded liability to zero by June 30, 2038. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the net pension liability, calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percenter lower (6.50%) or one percent higher (8.50%) than the current rate:

1% Decrease (6.50%)		Discount Rate (7.50%)		1% Increase (8.50%	
\$	6,101,602	\$	4,913,169	\$	3,910,462

During the year ended June 30, 2019 the state of Vermont contributed \$416,318 on behalf of the Lamoille North Supervisory Union.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB)

The schedule of employer allocations and schedule of OPEB amounts by employer are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The schedules present amounts that are elements of the financial statements of the VSTRS or its participating employers. VSTRS does not issue stand-alone financial reports, but instead are included as part of the State of Vermont's Comprehensive Annual Financial Report (CAFR). The CAFR can be viewed on the State's Department of Finance & Management website at: <u>http://finance.vermont.gov/reports-and-publications/cafr.</u>

					Net OPEB	Net OPEB	Net OPEB	Net OPEB

Plan Description

The Vermont State Teachers' Retirement System provides postemployment benefits to eligible VSTRS employees who retire from the System through a cost-sharing, multiple-employer postemployment benefit (OPEB) plan (the Plan).

The plan covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30. 2019, the plan consisted of 184 participating employers.

Vermont Statute Title 16 Chapter 55 assigns the authority to VSTRS to establish and amend the benefits provisions of the Plan and to establish maximum obligations of the Plan members to contribute to the Plan. Management of the Plan is vested in the Vermont State Teachers' Retirement System Board of Trustees, which consists of the Secretary of Education (exofficio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

All assets of the Plan are held in a single trust and are available to pay OPEB benefits to all members.

Summary of Plan

Eligibility:

VSTRS retirees and their spouses are eligible for health coverage if the retiree is eligible for pension benefits. Pension eligibility requirements are below:

<u>Group A</u> – Public school teachers employed within the State of Vermont prior to July 1, 1981 and elected to remain in Group A

• Retirement: Attainment of 30 years of creditable service, or age 55

<u>Group C</u> – Public school teachers employed within the State of Vermont on or after July 1, 1990. Teachers hired before July 1, 1990 and were Group B members in service on July 1, 1990 are now Group C members. Grandfathered participants are Group C members who were within five years of normal retirement eligibility as defined prior to July 1, 2010.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

- Retirement Group C Grandfathered: Attainment of age 62, or 30 years creditable service, or age 55 with 5 years of creditable service.
- Retirement Group C Non-grandfathered: Attainment of age 65, or age plus creditable service equal to 90, or age 55 with 5 years of creditable service.

Vesting and Disability: 5 years of creditable service. Participants who terminate with 5 years of service under the age of 55 may elect coverage upon receiving pension benefits.

Benefit Types: Medical and prescription drug. Retirees pay the full cost for dental benefits.

Duration of Coverage: Lifetime.

Spousal Benefits: Same benefits as for retirees.

Spousal Coverage: Lifetime.

Retiree Contributions:

Retired before June 30, 2010:

Retirees with at least 10 years of service pay premium costs in excess of an 80% VSTRS subsidy. Retirees with less than 10 years of service do not receive any premium subsidy. Spouses do not receive any premium subsidy, regardless of the retiree's service.

Retired after June 30, 2010:

Retirees pay premium costs in excess of the following VSTRS subsidy, based on service:

Retiree Subsidy Level	Subsidy
Years of Service at June 30, 2010	
10 years or more	80%
Less than 10 years	
Less than 15 years at retirement	0%
15-19.99 years at retirement	60%
20-24.99 years at retirement	70%
25 or more years at retirement	80%

Spouses of retirees can receive an 80% subsidy, if they meet the following requirements:

Spouse Coverage with 80% Subsidy

Years of Service at June 30, 2010	Required Years of Service at Retirement
Less than 10 years	25 years of service at retirement
Between 10 and 14.99 years	25 years of service at retirement
Between 15 and 24.99 years	10 additional years from June 30, 2010
Between 25 and 29.99 years	35 years of service at retirement
30 or more years	5 additional years from June 30, 2010

Spouses of retirees who do not meet the above requirements for an 80% subsidy can receive unsubsidized coverage.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

Premium Reduction Option:

Participants retiring on or after January 1, 2007 with a VSTRS premium subsidy have a onetime option to reduce the VSTRS subsidy percentage during the retiree's life so that a surviving spouse may continue to receive the same VSTRS subsidy for the spouse's lifetime. If the retiree elects the joint and survivor pension option but not the Premium Reduction Option, spouses are covered for the spouse's lifetime but pay 100% of the plan premium after the retiree's death.

Actuarial assumptions

The Total OPEB Liability used the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate: 3.50% based on the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of June 30, 2019 and a 7.50% long-term rate of return on invested plan assets blended as prescribed in GASB 75.

Salary Increase Rate: Varies by age. Representative values of the assumed annual interest rates of future salary increases as follows:

Age	Annual Rate of Salary Increase
20	9.09%
25	7.78%
30	6.47%
35	5.60%
40	4.92%
45	4.43%
50	4.09%
55	3.85%
60	3.75%

Inflation: 2.75%

Retiree Contributions: Retiree contributions were assumed to increase with health trend. Rates were based on premims effective July 1, 2019. Plan premims were weighted by actual retiree and dependent enrollment, separately for non-Medicare and Medicare.

Mortality Rates:Pre-retirement mortality:
98% of RP-2006 White Collar Employee with generational
projection using Scale SSA-2017

Post- retirement mortality: 98% of RP-2006 White Collar Annuitant with generational projection using Scale SSA-2017

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

Disabled mortality: RP-2006 Disabled Mortality Table with generational projection using Scale SSA-2017

The tables with the generational projection to the ages of members as of the measurement date reasonably reflect the mortality experience of the Plan as of the measurement date. The mortality tables were then adjusted to future years using a generational projection with Scale SSA-2017 to reflect future mortality improvement.

Actuarial Cost Method:	Entry-Age Normal, Level Percentage of Pay
------------------------	---

Asset Valuation Method: Market Value

Measurement Date: June 30, 2019

Actuarial Valuation Date: June 30, 2018

Per Capita Cost Development:

Medical and Prescription Drug

Per capita claims costs were based on claims for the period July 1, 2016 through June 30, 2019. Claims were separated by non-Medicare and Medicare retirees, and by medical and prescription drug. Claims were separated by plan year, then adjusted as follows:

- Total claims were divided by the number of adult members to yield a per capita claim,
- The per capita claim was trended to the midpoint of the valuation year at assumed trend rates, and
- The per capita claim was adjusted for the effect of any plan changes.

Per capita claims for each plan year were then combined by taking a weighted average. The weights used in this average account for a number of factors including each plan year's volatility of claims experience and distance to the valuation year. Actuarial factors were then applied to the weighted average cost to estimate individual retiree and spouse costs by age and by gender. The prescription drug claims were then adjusted for assumed rebates and EGWP reimbursements.

Administrative Expenses

Per capita claims costs were based on claims for the period July 1, 2016 through June 30, 2019. Expenses were separated by plan year, then adjusted as described above to yield a combined weighted average per capita claims cost.

Per Capita Health Costs:

Medical and prescription drug claims for the year beginning July 1, 2019 are shown in the table below for retirees and for spouses at selected ages. These costs are net of deductibles and other benefit plan cost sharing provisions.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

		Medical		Prescription Drugs						
	Retiree		Spc	ouse	Ret	iree	Souse			
Age	Male	Female	Male	Female	Male	Female	Male	Female		
50	\$ 8,206	\$ 9,806	\$ 6,013	\$ 7,873	\$ 1,553	\$ 1,769	\$ 1,085	\$ 1,421		
55	10,224	10,555	8,046	9,113	1,845	1,905	1,452	1,644		
60	12,142	11,377	10,772	10,570	2,191	2,053	1,944	1,907		
64	13,930	12,070	13,598	11,897	2,514	2,178	2,454	2,147		
65	1,502	1,277	1,502	1,277	2,053	1,745	2,053	1,745		
70	1,741	1,376	1,741	1,376	2,379	1,881	2,379	1,881		
75	1,876	1,481	1,876	1,481	2,564	2,024	2,564	2,024		

Administrative Expenses:

An annual administrative expense of \$568 per participant with health and welfare coverage increasing at 3.0% per year was added to projected incurred claim costs in developing the benefit obligations.

Health Care Cost Trend Rates:

Health care trend measures the anticipated overall rate at which health plan costs are expected to increase in future years. The rates shown below are "net" and are applied to the net per capita costs shown above. The trend shown for a particular plan year is the rate that is applied to that year's cost to yield the next year's projected cost.

	Rate (%)
Year Ending	
June 30,	Health Costs
2020	7.150
2021	6.925
2022	6.700
2023	6.475
2024	6.250
2025	6.025
2026	5.800
2027	5.575
2028	5.350
2029	5.125
2030	4.900
2031	4.675
2032+	4.500

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

The trend rate assumptions were developed using Segal's internal guidelines, which are established each year using data sources such as the 2019 Segal Health Trend Survey, internal client results, trends from other published surveys prepared by the S&P Dow Jones Indices, consulting firms and brokers, and CPI statistics published by the Bureau of Labor Statistics.

Retiree Contribution Increase Rate:

Retiree contributions were assumed to increase with health trend. Retiree contribution rates were based on 2018 premiums. Plan premiums were weighted by actual retiree and dependent enrolment, separately for non-Medicare and Medicare.

Health Care Reform Assumption:

The Plan is assumed to be in compliance with the Patient Protection and Affordable Care Act (PPACA) and the Health Care and Education Reconciliation Act (HCERA) of 2010 as of the valuation date. The valuation includes the projected effect of the Act's provision which imposes an excise tax on high cost employer-sponsored health coverage beginning in 2022. The excise tax limit is assumed to increase by 2.0% each year after 2019.

During the year ended June 30, 2019 the state of Vermont contributed \$119,964 on behalf of Lamoille North Supervisory Union.

NOTE 9 CONTINGENCY

The Supervisory Union receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the Supervisory Union's Independent Auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund. Based on prior experience, the Supervisory Union Administration believes such disallowance, if any, would be immaterial.

NOTE 10 RISK MANAGEMENT

The Supervisory Union is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and injuries to employees. The Supervisory Union maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to Supervisory Union. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE 11 INTERFUND RECEIVABLE AND PAYABLE BALANCES

Individual Fund Interfund Receivable and Payable balances are as follows at June 30, 2020:

	Interfund			Interfund
Fund	Re	ceivables	-	Payables
General Fund	\$	48,083	\$	-
Title I Fund		-		(150,999)
Title II-A Fund		-		(2,757)
Title IV				(327)
IDEA-B Fund		-		(37,664)
Consolidated Federal Grants		148,033		-
21st Century Learning		7,573		-
SIG		-		(131,666)
Other Federal Grants		1,955		-
EPSDT & Medicaid		698		-
Union School Analysis		24,379		-
Path Points		10,852		-
Special Revenue		87,008		-
Other Grants				(5,168)
TOTAL	\$	328,581	\$	(328,581)

The Lamoille North Supervisory Union generally maintains one cash account in the General Fund to pay expenditures and receive payments for efficiency. All interfund balances resulted from the time lag between the dates that (1) reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) repayments between funds are made.

NOTE 12 RETIREMENT BENEFITS PAYABLE

Upon retirement, an employee who has served the Lamoille North Supervisory Union for a minimum of 10 years and is at least 55 years of age shall be entitled to compensation for unused sick days at a rate of \$50 per unused accumulated sick day. The total liability to the Board per eligible employee will not exceed \$7,500. The benefits accrued at June 30, 2020 are \$56,549.

 lance at /30/19	Inc	reases	De	ecreases	 llance at 3/30/20
\$ 59,573	\$	6,242	\$	(9,266)	\$ 56,549

NOTE 13 ASSESSMENTS

The Supervisory Union receives an assessment from each member school district to pay their proportionate share of the Supervisory Union's expenses. The assessments received are as follows:

	Other						
	Special Education	Supervisory Union	Total				
LNMUUSD	\$1,994,727	\$1,074,058	\$3,068,785				
GMTCC	-	101,970	101,970				
Cambridge School District	432,544	243,394	675,938				
TOTAL ASSESSMENTS	\$2,427,271	\$1,419,422	\$3,846,693				

NOTE 14 OPERATING LEASE

The Supervisory Union has entered into an operating lease for equipment with a monthly payment of \$693, which expires September 2022. Minimum future rental payments under non-cancelable operating lease having remaining terms in excess of one year as of June 30, 2020 for the next years is as follows:

Year Ending	
June 30,	
2021	\$ 8,314
2022	 5,543
Total	\$ 13,856

Total lease expense, which includes overage charges, for the year ending June 30, 2020 was \$7,844.

NOTE 15 SUBSEQUENT EVENTS

In accordance with professional accounting standards, the Supervisory Union has evaluated subsequent events through November 20, 2020, which is the date the financial statement was available to be issued. All subsequent events requiring recognition as of June 30, 2020, have been incorporated into the basic financial statement herein.

NOTE 15 SUBSEQUENT EVENTS (continued)

The Lamoille North Supervisory Union evaluated its June 30, 2020 financial statements through November 20, 2020, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 Coronavirus, economic uncertainties have arisen which are likely to negatively impact net income. Other financial impact could occur though such potential impact and the duration cannot be reasonably estimated at this time. In March 2020, the Governor of Vermont declared a state of emergency and issued an order to close all nonessential businesses. The closure lasted for months and has still not completely resumed. Some businesses continue to be impacted due to restrictions in operations and the requirement for at least partial student remote learning. Due to the uncertainty of the effect of the virus and whether there could be a resurgence, possible effects may include, but are not limited to, disruption to the Supervisory Union's cash flow and receivable collections, absenteeism in the Supervisory Union's labor workforce, unavailability of products and supplies used in operations, and decline in value of assets held by the Supervisory Union's including property and equipment.

Significant Actuarial Assumptions and methods are described in Note 7 to the financial statements. There were no changes in actuarial assumptions since the last measurement date.

See Accompanying Notes to Basic Financial Statements

Lamoille North Supervisory Union REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF PROPORTIONATE SHARE OF THE NET OPEB LIABILITY For the Year Ended June 30, 2020

	<u>2019</u>	<u>2018</u>	<u>2017</u>
District's proportion of the net OPEB liability (asset)	0.3432%	0.3420%	0.3694%
District's proportionate share of the net OPEB liability (asset)	\$-	\$-	\$-
State's proportionate share of the net OPEB liability (asset) associated with the District	3,571,985	3,264,088	3,444,132
Total	<u>\$ 3,571,985</u>	<u>\$ 3,264,088</u>	<u>\$ 3,444,132</u>
Plan fiduciary net position as a percentage of the total OPEB liability	0.03%	-2.85%	-2.94%

Significant Actuarial Assumptions and methods are described in Note 8 to the financial statements. The following were changes in methods or assumptions during the year ended June 30, 2019:

Effective January 1, 2020, OTC, Fertility, and Erectile Dysfunction drugs will be removed from the Medicare prescription drug plan, and non-Medicare retirees will be moved to the National Preferred Formulary and Accredo Exclusive Speciality Network.

The discount rate was decreased from 3.87% to 3.50%

The per capita valuation-year claims and retiree contribution rates were update

The assumed health trend rates were modified.

The percentage of future retirees not eligible for a subsidy assumed to elect coverage was increased from 10% to 15%

60% of terminated vested participants who are eligible for a subsidy and 0% of those not eligible for a subsidy were assumed to elect coverage. Previously 30% of future terminated vested participants who are eligible for a subsidy and 10% of those not eligible for subsidy were assumed to elect coverage, and 30% of current terminated vested participants were assumed to elect coverage.

NOTE A BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal award activity of Lamoille North Supervisory Union under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Lamoille North Supervisory Union, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Lamoille North Supervisory Union.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Lamoille North Supervisory Union has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the School Board Hyde Park, Vermont

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lamoille North Supervisory Union, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Lamoille North Supervisory Union's basic financial statements, and have issued our report thereon dated November 20, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lamoille North Supervisory Union's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lamoille North Supervisory Union's internal control. Accordingly, we do not express an opinion on the effectiveness of Lamoille North Supervisory Union's Supervisory Union's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lamoille North Supervisory Union's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

St. Albans, Vermont November 20, 2020

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the School Board Hyde Park, Vermont

Report on Compliance for Each Major Federal Program

We have audited the Lamoille North Supervisory Union's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Lamoille North Supervisory Union's major federal programs for the year ended June 30, 2020. Lamoille North Supervisory Union's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Lamoille North Supervisory Union's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Lamoille North Supervisory Union's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Lamoille North Supervisory Union's compliance.

Opinion on Each Major Federal Program

In our opinion, the Lamoille North Supervisory Union, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the Lamoille North Supervisory Union, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Lamoille North Supervisory Union's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Lamoille North Supervisory Union's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
